**FUNDS FOR DACUSVILLE COMMUNITY CENTER**

Dear Representative Hiott:

I am writing in response to your conversation with Randy Williams, the previous President of the Dacusville Community Center Club, regarding funding for a digital sign. As he stated, we are seeking funds to purchase a digital sign for the center. This sign would benefit the Community Center in that it will enhance communication with the general public allowing us to list all the classes that are currently being held at the center as well as the special events that are taking place. This sign would provide a much safer way to get our message out to the public as currently, we must get on a ladder and post events and there is only room for one event. Your consideration for these funds is truly appreciated and I look forward to hearing from you. If you have any questions or need additional information, please do not hesitate to contact me.

My contact information is as follows:
